Student Arrangements: Jeanne Herrmann, Chief Executive Officer, responded that the last date of instruction was September 14, 2017. Not all students completed their program.

Both teach-out agreements and transfer options were provided to students who were not able to persist without the assistance of federal funding or able to complete by 9/14/17. Educational advisors from at least two Minnesota institutions came to the campus in December to meet with students individually. Communication via email and the school website presented various options for students to seek. Additionally, Broadview University, a school with common ownership, was approved to participate in NC-SARA on February 21, 2017, providing an additional opportunity for students to attend the online program with common curriculum, learning outcomes, student services, etc. as well as to graduate within the same timeframe. Students who were able to commit to paying tuition without federal funding were offered coursework at the campus through to graduation.

All student records are maintained on a common student records management system, Campus Nexus and managed by academic personnel at our corporate offices. A centrally employed records specialist manages student records and will be responsible for storing and providing access to academic and/or financial aid transcripts. In the event the central headquarters close, by October 16, 2017, all records will be transmitted electronically to the Minnesota Office of Higher Education and will be maintained by that office for the statutory requirement of 50 years.
