NOTES: State allocations for fiscal year 2013 are preliminary estimates based on currently available data. Allocations based on new data may result in significant changes from these preliminary estimates. No allocations are shown for 2014 because the Administration's budget request and Elementary and Secondary Education Act (ESEA) reauthorization proposal would change the program from a formula to a competitive grant program. If the ESEA is not reauthorized prior to enactment of fiscal year 2014 appropriations, allocations would continue to be based on the formula in current law.
